

## **High School Intervention Days Proposal for 2021-2022 School Year**

### **Rationale:**

Last year we found many benefits to having Wednesdays as intervention days. We would like to pilot an added intervention day each quarter. We are starting with very limited days to gauge how well the system works.

### **Logistics:**

- One time per quarter: Sept 29, Dec 1, Feb 16, Apr 27
- We will run a revised shortened schedule to create a 45 minute intervention period at the end of the day. (See next page)
- Students will be requested by specific teachers if they have a current D or F in a class.
- Students will be requested by teachers using a spreadsheet. If more than one teacher requests a student, time may be split or agreements made.
- Parents will be notified 1-3 school days in advance of the intervention.
- Advisory teachers will notify students of their intervention assignments.
- Junior and Senior students may leave campus as they do for study halls and lunch.
- Freshmen and Sophomores that are not requested will have enrichment activities to choose; such as fitness center, guest speakers, games, mindfulness activities. Parents may call and use a parent excused absence if they want their child to leave before 3:15pm.
- Middle School Students will have a their quarterly PBIS celebrations on these days.

# Intervention Day Bell Schedule 2021-22

## **BLOCK 1** **8:00-9:23am**

Hour 1 8:00-8:40am

Hour 2 8:43-9:23am
