**Who:** Students no longer in Varsity Band who were in band in the past 2 years

**Results:**

It is not the instructor; many students indicated they have jobs or are highly involved in sports; many students indicated that they are choosing college coursework instead; some students indicated CoVid restriction in the past made them want to drop; some students indicated they were not interested in pep band; some students stated it wasn't their interest any longer.

**Moving forward:** Focus on rebuilding the program through MS programming. Look at pep band commitment requirements.
