% Scott Winch,

Dear Mr. Winch,

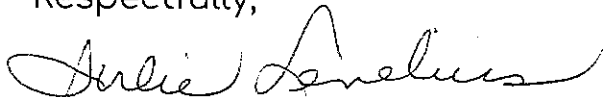

After 38 years as an educator, it is time for retirement. This correspondence is to give my resignation as teacher at Stratford Elementary School.

I don't think many people can say they truly love their jobs and mean it, but I can. The children have always held my heart. I have never tired of planning lessons, learning new things to better students' education, and strived to have relationships with both students and their families in order to meet their needs.

Time went by very quickly for me as an educator because of how happy teaching made me. However, I'm looking forward to the next portion of my life, too. I have many interests, hobbies, activities, travel, and relaxing to do. I also hope to sub!

Thank you for the opportunity to teach the future here at Stratford School District.

Respectfully,
